
CLE Webinar- The Intersection of Chatbots and Intellectual Property

Webinar
04.18.2023

Date: April 18, 2023
Time: 1 p.m. EST

Almost all industries and business sectors around the globe are seeking to capitalize on the new wave of AI technologies and capabilities. The emergence of sophisticated Chatbots, such as Chat GPT is just the latest in generative AI and machine learning tools. As is the case with most developing technologies, intellectual property finds itself at the crossroads of innovation and the law. This webinar provides an overview of:

- How Chatbots work
- Legal uses for chatbots
- Authorship/inventorship and AI
- Review of ChatGPT terms of service
- Ethical considerations when using AI and Chatbot

This course has been approved for 1.0 Substantive CLE credit by PACLE.
